"VOICE OF THE GLADES"

Belle Glade, Florida, Dec. 10, 1966

VOL. 26 — NO. 14

16 PAGES

OLD AND NEW — Shown in the above photo workmen demolishing the old FEC railroad station which was constructed in 1926, when the railroad came to Belle Glade. The building floated to the edge of the canal in 1928 during a hurricane but was moved to its foundation. The new building, lower photo, is modern in every respect, including air conditioning and will be used only as an office building since only carlot shipments are now being handled locally. The new offices will be occupied by R. E. Horard, commercial agent; Tom Moreland, train master, and freight and traffic offices. A sugar loading station will be constructed on the old site.

Sugarcane Workers Minimum Rates Upped

13 Amendments Given Approval By State Voters

All 13 amendments to the constitution were given approval by voters of Florida at the polls Tuesday. The average for the acceptance of these amendments was 2-1 by the voters.

Amendment number eight, which establishes a judicial committee on commission with investigative powers got about a 3-1 margin.

Probably the most interest was centered around this amendment which would empower the commissioners of agriculture to command removal, discipline or retire judges and justices.

Another amendment provides for a session of the legislature after each general election for the sole purpose of organization. Senate President-designate Verle Pope and House Speaker-designate Ralph Burlingame were reported to have been in Tallahassee as the prepared Tuesday preparation for the session planned for Nov. 15.

Palm Beach County gave overwhelming support to all 13 amendments.

The USDA has announced a 10 cent an hour increase in the minimum wage rates for workers employed in production, cultivation and harvesting of sugarcane in Florida, according to O. P. McArthur, state executive director of Agricultural Stabilization and Conservation Service, Gainesville. The new minimum wage rates will become effective November 14, 1966.

The minimum rates will be \$1.35 per hour for cane cutters and operators of mechanized harvesting and loading equipment and \$1.35 per hour for all other workers. Cane cutters who harvest cane by hand will receive a larger rate of \$1.40 per hour for the unskilled labor in cane fields and are usually paid at piece work rates. Their earnings generally exceed the specified minimum rate. Skilled and semi-skilled workers normally employed by the hour and are usually paid at rates higher than the established minimum.

The new wage rate determination also provided that agricultural workers who may not be employed for more than eight hours a day, handicapped workers whose productive capacity is impaired, certified by the State Employment Service, may be employed.

Another amendment provides for a session of the legislature after each general election for the sole purpose of organization. Senate President-designate Verle Pope and House Speaker-designate Ralph Burlingame were reported to have been in Tallahassee as the prepared Tuesday preparation for the session planned for Nov. 15.

Palm Beach County gave overwhelming support to all 13 amendments.

National Guard Schedules Practice Alert

ST. AUGUSTINE — Maj. Henry W. McMillan, Adjutant General of Florida, announced this week that the Florida Adjutant General's Guards will conduct a state-wide practice test alert between December 1-15, 1966.

General McMillan said, "The purpose of the practice alert is to evaluate the effectiveness of our mobilization plans and test the troops' ability to assemble rapidly when called upon to render assistance to our State or Nation in event of a national emergency or disaster. In the trying times that exist today, we must be assured of the readiness of our National Guard."

The practice alert will consist of a general mobilization warning, General McMillan went on to say, and will be called during early evening hours. The cooperation of employers in permitting guardsmen working night shifts to report to their units will materially assist in the evaluation.

The call-alarming the Florida Army National Guard will originate in the headquarters of the Military Department, State of Florida in St. Augus-

Orientation

Session Set

By Pack 622

At least one parent of prospective Cub Scouts must attend the orientation session before a boy may enroll. Boys 8-10 years of age are eligible for enrollment.

The orientation session, sponsored by Pack 622, will be held at James N. Hall, tonight at 8 o'clock.

The Cub Scout program and vital parent-scout relationship will be explained by Paul Allen, chairman of the district training committee; Fritz Stein Jr., Pack 622 training leader, and Charles Smith, cubmaster.

Parents of boys interested in becoming Cub Scouts are invited to attend, according to J. R. Orsenigo, committee chairman.

Parents of boys interested in becoming Cub Scouts are invited to attend, according to J. R. Orsenigo, committee chairman.

Republicans Sweep County In Tuesday's General Election

Fire Destroys Car, Contents Of Railroad

The Belle Glade fire department was called shortly after 10 last night to a fire of unknown origin which destroyed a railroad box car loaded with potassium nitrate on the siding of the Wedgeworth Fertilizer Plant.

Estimated damage is reported to be about \$1,000 which is fully covered by insurance and included, in addition to the car and its contents, a portion of the plant roof and the cross ties under the car. The contents of the box car were potassium nitrate and gun powder.

Banner Tourist Year Predicted By Comptroller

TALLAHASSE — Fred O. Dickinson, Commissioner of Agriculture of Florida, today predicted that an expected banner 1966-67 tourist season will boost state economy to record high.

"All reliable guides point to a more successful economic period ever recorded in Florida," said Dickinson.

"This is being made increasingly apparent by statistics we are compiling in conjunction with the Tax Revenues Commission to use in the coming Legislature," Dickinson explained.

Last year tourism was the leading industry in Florida's economy. Over \$3 billion in tourist spent \$3.9 billion in the state during that period.

Among the signs of future prosperity cited by Dickinson was the banking industry. State banks and savings banks now have total assets exceeding \$2.9 billion. This is an increase of over \$2.4 billion since last October for a like period.

Lately available figures show that in 1965 Florida's timber debris totalled approximately 10 per cent over totals during a like time last year.

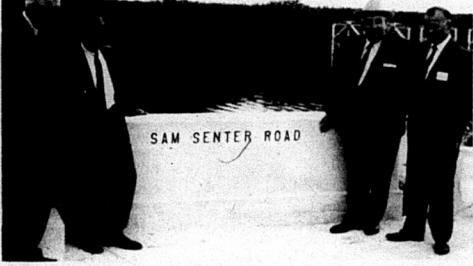

Dickinson noted that current collection totals for sales and use tax, state and local, were up 10 per cent over collections totals for a like period last year.

To date, fiscal year collections (July-October) of these taxes had produced revenue totaling over \$146 million, an increase of 37.55 per cent over collections totals for a like period last year.

Dickinson pointed to credit unions as another element of the state's economy showing steady growth.

There are 271 of these institutions presently in the state with some 279,000 members. Florida credit unions have assets of over \$155 million.

(Continued On Page 2)

BRIDGE DEDICATED — The Sam Senter Bridge was formally dedicated in ceremonies Saturday. The completion of the bridge across the Hillsborough Canal about miles from Belle Glade is another move in making for safer traffic movement in the area. Shown above are principals at the ceremonies. Left to right are George Warren, chairman of the County Commission; E. W. Weaver, Glades area commissioner; Sam Senter, local farmer in whose name the bridge was dedicated, and Lake Loyal, veteran commissioner.

Another Goal Achieved For Area Water Supply

Another goal was reached

Tuesday in the effort of the South Shore Water Association to supply "city" water to homes and farms between South Bay and New River.

With a loan of 161 meters to be signed up as paid for before completing financial arrangements with the Farm Home Administration, Chairman Ed Watson and Secretary Barry Baldwin were confident that they were in position to certify that more than 170 meters had been paid for.

In February of this year a committee composed of Ed Watson, Clewiston; Barry Baldwin, Clewiston; C. A. Thomas, Mildred Larick and James L. Miller, Lake Harbor met with

Farm Home Administrators

officials to plan a feasibility study and made \$1,500 available for engineering services in preparation of the study.

Chairman Watson and the committee, together with volunteers from the community, contacted everyone in the community for a determination of how much water might be needed and made immediate return calls to collect the hard cash. Now that this has been accomplished it is anticipated that they can look forward to advertising for bids to construct the water main and a reservoir tank at Lake Harbor.

Dickinson pointed to credit unions as another element of the state's economy showing steady growth.

There are 271 of these institutions presently in the state with some 279,000 members. Florida credit unions have assets of over \$155 million.

DISTRICT GOVERNOR — Miss Lynd Sides, above, who last Saturday was named District 8 Governor of the Cooperative Education Clubs of Florida is shown at the switchboard of her employer, Sugarcane Growers Cooperative of Florida here. She is a senior at Belle Glade High School.

Local Youth Named To District CEC Post

Miss Lynd Sides, 17, a senior at Belle Glade High School, Saturday was named Governor of District Eight, Cooperative Education Clubs of Florida, during sessions at Martin County High School in Stuart.

Miss Sides, daughter of Mr. and Mrs. J. R. Sides, of 101 S. Ave. M, was elected over

Sam Creft of Martin County High in a run-off election.

A diversified Cooperative Training student in the local high school, Miss Sides has jurisdiction over clubs in 21 different schools. While she is "mostly honorary," the new Governor will be busy in writing all clubs keeping them informed of cooperative educational activities.

As a result of the fine work she is switchboard operator and does general office work at the Sugarcane Growers Cooperative of Florida here.

The sessions were held in the gymnasium of the Central High School. Members and delegates from the high school clubs in Indian River, St. Lucie, Martin, Palm Beach Counties, as well as Sebring, Clewiston and Avon Park, were in attendance. There would be a political convention.

Elected lieutenant governor was Carolyn Johnson of Bonita High; secretary-treasurer, Kris McIntyre of Riviera Beach, who beat Dan High, who beat Vero Beach High in a runoff.

Truee of Palm Beach High was named Miss CEC.

U. S. Rep. Paul G. Rogers, speaking to the group, urged the young people to stay in the community. He praised the approximately 400 youth who take the time to

Kirk Wins Over High

Republicans made a clean sweep in Palm Beach County in Tuesday's general election and Florida voted in a Republican Governor for the first time in 12 years.

Claude Kirk, West Palm Beach and Jacksonville businessman, was given a substantial lead over his opponent, Robert King High, Mayor of Miami, who was the first Republican Governor for about 90 years. Kirk led by a large majority in Palm Beach County.

Democrat Earl Faircloth won re-election to the post of Attorney General of Florida but Palm Beach County went for his Republican opponent, Ellis Rubin.

The only other state race, Broward Williams was renamed Treasurer over Joseph E. Yarcho. Williams is the only Democrat to oust his opponent.

In the race for Judge of the 4th District Court of Appeals, Spencer C. Cross at press time yesterday was leading his opponent Sherman L. Sims Jr., a Democrat. Palm Beach County went for Republican Cross.

Republican L. A. Skip Baldwin defeated Percy J. Hopkins, who faced him in the 3rd district.

Republicans won all five Legislative seats. Jack Poorbaugh, group 1; Joseph Humprey, group 2; Donald DeMoss, group 3; Robert C. DeVos, group 4; and Robert W. Rust, group 5. Their opponents, in order, of their groups were Joel T. Daves III, H. Loy Anderson Jr., John L. Archie, Jim Maynor, and James J. James.

In County Commission races, Republicans E. D. Gaynor and George V. Warren were elected over Democrats Lake Loyal and Al C. Avery. Both are commissioners serving on the commission and Gaynor defeated a veteran commissioner of many years.

The election of two Republicans Tuesday leaves only one Democrat on the commission. He is E. W. Weaver, who represents the Glades area.

Vaughn J. Rudnick, a young Republican, defeated Don C. Sinclair for the post of Judge of the Criminal Court of Record.

Sadie A. Grable and R. R. Johnson, both Republicans, won the two School Board seats. They defeated Paul W. Potters, Jr., and William E. Miller.

Welfare Report Shows 2,594 Get Old Age Funds

The Rev. Paul M. Cassen, chairman of District 10 Welfare Board of the State Department of Public Welfare reported that during the month of October in the 10th District of Central Florida, 2,594 persons received Old Age Assistance in the amount of \$122,762. A total of 128 persons received Aid to the Blind totaling \$7,013. 549 families received Aid to Dependent Children in the amount of \$99,672 and 683 persons received \$40,067 in Aid to the Disabled.

In addition 534 children received free medical care through the Department of Public Welfare.

The sessions were held in the gymnasium of the Central High School. Members and delegates from the high school clubs in Indian River, St. Lucie, Martin, Palm Beach Counties, as well as Sebring, Clewiston and Avon Park, were in attendance. There would be a political convention.

Elected lieutenant governor was Carolyn Johnson of Bonita High; secretary-treasurer, Kris McIntyre of Riviera Beach, who beat Dan High, who beat Vero Beach High in a runoff.

Junior High A, A-B Honor Rolls

Herman L. Closs, principal of the Belle Glade Junior High School has announced the A' and A-B honor rolls for the second and the first six-week period of the 66-67 term.

Students making the all A honor list include: Rachel Creech, Roberto Aleman and Randy Davidson, 7th grade; Margarita Bastanuzzi and Steven Murray, 8th grade; and Rosanne Wood and Ricky Roth, 9th grade.

Those making the A and B honor roll are:

Rodi Bowen, Downey Davis, Debbie Sellers, Margaret Lee, Linda Miller, Vicki Kornya, Dory Altman, Virgil Sanchez, Penny Waters, George Archer, Brenda Betts, Donald Drake, Emilio Echave, Robert Bussey, Rita Tallent, James Stevenson and Melba Prevatt, 7th grade.

Earl Ballard, Timmy McKee, Kevin Connell, Mike Boone, Margarita Riva, Eddie Latour, Ernest Garcia, Lester Clark, Lucy Garcia, Isabel Gon Zalez, Howell McCall, Billy Novis, Tony Arzuza, Eddie Goff, Terri Alvarez, Amanda Davis and Debra Arnette, 8th grade.

Carol Lively, Janis Kidder, Patricia Murray, Kathleen Murphy, Roselle Shrophe, Gail Stewart, Jim Stevenson, Dee Dee Stade, Patricia Wood, Pam Motes, Lucy Jones, Joletta

In a almost unbelievable series of events the sixteen year high scratch bowling series record was broken last evening by the team with the bowlers with the Cave Shoe Repair team in the Boca Businessmen's Scratch League at the University Bowl in Boca Raton.

His record games of 279, 278, 278, 278, 278, 278, 278 passed the last high - Palm Beach County record shot in 1961 by Benny Richmond of Belle Glade.

The series of events started Tuesday evening when Edward Zita bowling with the Boca Businessmen team in the Boca Raton bowls scored 236-269-244 for a total of 749. This was the second highest record in 16 years and it is estimated that only one person out of some 500,000 sets shoot a 700.

A fashion show and tea with styles from the Town and Country Shop and Jewelry from the Golden Chariot Jewelers will be held Sunday afternoon for the benefit of "The Non Profit" regional trips champions. The event will take place at the Community Center, 725 N. W. 4th St.

The money will be used to finance trips for the coming year for various competitions. Donations of \$25 will be accepted at the door.

Around 40 different outfits will be shown with that many models.

Education
(Continued From Page 1)

This project, "Education Materials and Advisory Services," is one of the technical assistance programs sponsored by the Foundation.

"In most countries aided by the U. S. today, the development of human resources remains the priority need, and technical assistance the heart of the development program."

"Technical assistance projects play a key role in assisting countries to carry out needed self-help and reform measures," the publication noted.

The purpose of the visit of the seven educators is to observe and study all aspects of vocational, technical and agricultural education here in order to implement development measures in their own countries.

Members of the visiting team are George Mwaijoppo, group leader; Celestine Kazura Joseph Lukanga, Thomas Mhamadi, Josaphat Msole, Meinulf Nyoni, and Alatwimya Sajine.

Minimum

(Continued From Page 1)

ed at rates of not less than 75 percent of the basic minimum wage.

Payment of wages of not less than those set by the Secretary of Agriculture as "fair and reasonable" is a requirement that producers must meet to qualify for payments under the sugar Act. USDA officials have stated that the wage rates will be based on ability to pay. Fairable growing conditions have prevailed during the current season and yields are expected to exceed those of the previous three crops.

The sugar program for Florida is administered through the Hendry ACS County Office in Clewiston.

(Continued From Page 1)

think of the future as well as the present.

Rep. Rogers, who spoke about two hours earlier than expected, addressed the group at its luncheon rather than at the high school.

His talk was inspirational: He said the student-employees as individuals doing much to better their lives and their futures.

Winners in the contests, many of which included morning preliminaries, afternoon finals included the following:

Public speaking, Ben Wright, Forest Hills Job interview, Debbie Smith, Lake Worth; Typing, Catherine Taylor; Phonetic typing, Ruth Hayes; Dan McCarty.

ID cards entered by Vero Beach won a first, Clewiston, second; Dan McCarty, third.

Posters contested were won by Forest Hills first; Vero Beach second; Seminole third.

Gerald Dorsey, MSHC was master of ceremonies; Edward Spencer, MCHS, gave the morning invocation and John Woolard, MCHS, led the pledge of allegiance.

Frank A. Wacha, chairman of the county commission; Stuart Mayor Dan McClure, Frank De Stefano, school board chairman and James C. Wall, principal of MCHS, extended welcome to the delegates.

Cynthia, Seacrest High gave the response; Edgar F. Norton, host coordinator, introduced the guests. He was assisted in the presentation of certificates by John H. Howell, DCT coordinator at Pahokee High, District VIII advisor.

The Rev. Forrest H. Watkins, pastor of First Baptist Church of Belle Glade, a honorary life member in the Cooperative Education Clubs of Florida, gave the keynote address. "To be or not to be."

The entire assemblage motored from the high school to the indoor luncheon in the break between morning and afternoon sessions.

Patricia Johnson, MCHS DCT student, presided during the election of officers at the afternoon session.

Howell made the presentations of the medallions to contest winners.

Four-Lane Highway Though Area Extremely Vital

Four-laning of highways are becoming increasingly more vital to our way of life since more and more people are taking to the highways. The Herald has previously commented on the proposed four-lane highway proposal of the Canal Hazards Safety Committee.

Last week, the Resource Development Board of Palm Beach County issued a release in which this group endorsed an east-west four-lane highway from West Palm Beach to Fort Myers through the Glades Area.

Since the release is so pertinent and timely, we are reprinting it as part of this editorial and saying a hearty "Amen" to the report.

The text of the release follows:

The present and anticipated growth indices for South Florida predict that road and highway traffic volume will no longer be served by two-lane roadways. To wait until the traffic count reaches 5,000, the criteria based upon annual daily traffic will invite accidents as it has been and is doing even now, as well as insure increased right of way add construction costs.

The safety factor is by no means a secondary consideration. Four-lane highways are positively less accident prone than two-lane roads.

It is important to this South Florida area growth that there be a continuity of four-laning and an elimination of isolated two-lane road segments. As four-lane highways develop, this becomes an important link to the four-laned routes to adjoining states to the north and west of our nation.

Specifically this brings to point the need to direct a program of influence and impact upon all authorities to bring about a four-lane highway from the Atlantic Ocean to the Gulf of Mexico, traveling through the interior of South Florida known as The Glades. The present State Road 80, from Palm Beach to Fort Myers via Belle Glade and Clewiston, is a two-lane road with the exception of a 24-mile four-lane stretch from South Bay to just west of Clewiston, where State Road 80 and US 27 meet together.

Statistics reveal an increase in 1964 over 1963 of 400 percent on deaths, 360 percent on persons injured, 147 percent on all accidents, 25 percent on head-on deaths. These tragic and revealing figures are considerably higher than the like statistics for the whole State of Florida.

"Millions of tourists and millions of tourists' dollars come to Florida each year. Florida is a state whose major industry de-

pend upon highway travelers. To upgrade our highway system, to add this important cross-state highway will interchange with these important arteries. State Roads 29, 31, 78, 715 and AIA; US Roads 41, 27, 441, 98 and 1; The Sunshine State Parkway and I-95, and is reason alone for this desperate push to get this 123 mile coast to coast program underway now. The four-laning of this stretch is need and is needed now. Too long has the growth and tourist attractiveness of Palm Beach, Hendry and Lee Counties been sidetracked. Too many motorists — yes, and heavy vehicle operators too — know too well the danger and hazard of using the only present roadway serving this important growth area.

The time is NOW. Modern, safe roads enhance the development of tourism and industrial, and agriculturally related growth. Bad roads, and the present two-lane State Road 80 is one of the worst of these, lead to stagnation. Along bad roads cities and communities are dying because nobody uses them, unless they absolutely must.

"A four-lane highway from Fort Myers to Palm Beach would provide a cross-state highway providing safe, rapid transportation protecting our industry, tourist and property values. The start of this four-lane highway is beyond the point of urgency and into the area of tragedy with loss and danger to life and property increasingly more real as each day passes."

The Resources Development Board of Palm Beach County, now in its 23rd year as a membership organization serving this area, upon the recommendation of its Roads and Highways Committee is committed to pursue this cross-state four-lane program as its Number One Project. In order to accomplish this result, this organization will solicit support and funds so that this result will bring new benefits to all concerned in the South Florida area.

Views of Other Editors

ONEONTA, ALA., SOUTHERN DEMOCRAT: "It's always gratifying to have people not only read the editorial column but to comment on it favorably as well. However these kind remarks always make the writer wonder how many readers there are who disagree with opinions expressed but won't speak up. An editorial column gradually becomes more effective and the writer more capable as adverse criticisms are passed on the same as the compliments. The paper invites such differing opinions given orally but more especially expressed in the form of letters. A strong editorial page presents differing sides of issues and is often judged for its quality by doing just that."

PORT HURON, MICH., TIMES HERALD: "There was an amazing comment by Secretary of Labor Willard Wirtz the other day. He told a meeting of union members in Kansas City that 'there won't be any inflation in this country.' One wonders why country he was talking about. It could scarcely be the United States because too many people in high position are worried about how to stop the inflation we already have."

"He that will not reason is a bigot; he that cannot reason is a fool; but he that dares not reason is a slave." — William Drummond.

Uncle Dan From Doolie Says:

LETTERS TO THE EDITOR

Dear Mister Editor:

The fellers at the country store Saturday night was in a powerful strong session that caused the storekeeper to be 30 minutes late closing up.

Ed Don't you see it started when we claimed that there was plenty of proof that this country was educating itself plumb out of the working world.

When you run out of doctors and on the end of the noseless learning end and you can't find enough garbaged men to keep the trash picked up at the other end, they was somethin' bad wrong somewhere in between, was the way Ed put it.

And when we kept putting the feet for some spell. You know, Mister Editor, when Ed gits his head set, aside of him a mule is a real agreeable critter. Ed reported he had saw this piece where this country had a lot of bricklayers and tile layers from England. He said the doctors was coming to git rich quick and the brick layers was coming to git rich a little slower. What Ed wanted to know is what Ed can't buy our own brick and doctor our own sick when the Office of Economic Opportunity says we got million of people with nothing to do?

Furthermore, Ed said, "Ed said the doctors was coming to git rich quick and the brick layers was coming to git rich a little slower. What Ed wanted to know is what Ed can't buy our own brick and doctor our own sick when the Office of Economic Opportunity says we got million of people with nothing to do?"

Ed said he remembered those days, and he bulk off little was done, but that too much money was probably better than no money at all.

Personal, Mister Editor, I agree with Clem that they was all end to the iceberg. And I think it is that too much money was probably better than no money at all.

There is a recognized, established and proven ways to determine the agricultural value of land which take into consideration ALL of the factors and not just those years when the land on a given tract may exceed the value of the land which produced the crop.

I have seen evidence that some assessors have used "luck" as a factor in setting value.

Dear Editor:

The release published on the front page of the Herald dated October 27, 1966 "Green Belt Law is Discussed By Assessor" indicates an interest on the part of the assessor to greater knowledge of the problems which are very important to this area.

One of the factors mentioned is "cost of the property as agricultural land". Has the assessor considered that over 500,000 acres of land have been purchased by Glades Farmers during the past two years in Glades, Hendry, Collier, Highlands and other Florida counties as well as some in Georgia while at the same time the Glades Farmers have 250,000 acres of better land in Palm Beach county is undeveloped.

If the "why" is not obvious then it should be investigated by the assessor who could conceivably have some 250,000 acres of land for sale in the not too distant future and no buyers who could afford to pay the taxes.

While the legislature did not spell out the income approach in assessment realization it is plainly there.

There are recognized, established and proven ways to determine the agricultural value of land which take into consideration ALL of the factors and not just those years when the land on a given tract may exceed the value of the land which produced the crop.

I have seen evidence that some assessors have used "luck" as a factor in setting value.

Hialeah Park is the only place in the world where flamingos propagate outside their natural habitat. There were 29 birds in last summer's crop.

When a whale surfaces, it blows a vapor trail 20 feet into the air, says the Miami Seaquarium's Capt. Bill Gray. Hot air from the lungs condenses in the atmosphere to form the vapor.

KATHLEEN LIVINGSTON, CHURCH EDITOR

Everglades Presbyterian Church Celebrates 19th Yr.

Sixteen of an original 67 charter members of the Everglades Presbyterian Church were present at worship services Sunday as the Presbyterian congregation marked the 19th anniversary of its organization. It was on Nov. 6, 1947 that the Presbytery of St. John's officially constituted the local group as a congregation of the Presbyterian Church in the United States, often called the Southern Presbyterians.

The official Sessional records of the Everglades church show that of the original 67 petitioners, 8 still sit on the active roll; 8 have died, 15 have moved their membership to another church; 7 are non-residents, 16 are on the inactive roll of the church, and I have moved and their address is unknown.

South Bay Pastor Attending Convention
Rev. R. L. Polk, pastor of the First Baptist Church in South Bay left Monday morning to attend the Florida Baptist Convention in Pensacola. The convention lasts until Thursday.

Church Of God Sets Nov. 20 For Annual Homecoming Day

Sunday, Nov. 20 has been set for the Young People's set for the Annual Homecoming Day of the Church of God. Invitations have been extended to all former pastor of the church to attend and be on the program. The Special Homecoming Day meeting this year will be used to pay the balance on the organ.

The Belle Glade Church of God in its outreach for the unchurched of the area is continuing its mass efforts this year. Additional listing and training of Sunday School workers is underway. The fur-

Church Of God Hosts District Training Group

The Okeechobee District of the Church of God held its annual District Training Convention at the Belle Glade Church of God on Wednesday Nov. 9.

The convention was held under the supervision of Rev. Donald Pemberton, Florida State Director of the denomination.

Four subjects were taught by qualified teachers from all over the state of Florida.

Six churches including

Moore Haven, Clewiston, Belle Glade, Lake Wales and Okeechobee were represented at the convention. The Ladies of the church served snack after the service was over.

PUBLIC NOTICE

Your progressive local CEMETERY now offers you HIGH, DRY and PROTECTIVE ground burials as well as MAUSOLEUM burials. You now have a choice as well as the LOWEST prices and EASIEST terms of any cemetery in Florida. We are proud to bring this type burial to our Glades residents as now there is no need to drive those many, many miles. Special considerations will be given to those persons who purchase in advance of need.

PREPARING FOR BAZAAR — Members of St. Elizabeth's Guild of St. John's Episcopal Church have been diligently working on articles for the annual bazaar all though the year. Shown at a workshop on Monday are L-R, Mrs. Thomas Breger, Mrs. Dougla Matthews, Mrs. Ben Painter, chairman, and Mrs. Richard Poston. The bazaar will open Nov. 17 at 10 A. M. and will be open all day until after the Turkey dinner served from 5 to 7:30 P. M.

Presbyterian Circles Hear Officers Reports

CIRCLE NO. 1

Twelve members attended the November meeting of Circle No. 1 of the Everglades Presbyterian Women of the Church, held at the home of Mrs. Nedra Clegg, D. McClure.

Mrs. Agnes Thomas, Chairman, opened the morning meeting with prayer, followed by a devotional presented by Mrs. Crisman.

Those attending were: Mrs. Agnes Thomas, Mrs. Richard Clegg, Mrs. Nedra Clegg, Mrs. Ruth S. Barron, Miss Mary Franck, Koffman, and Mrs. Clegg.

Represents heard from the Circle officers with Mrs. Richard Murray reporting that most of the letters to non-resident members of the congregation, which were to be written as a project for October, had been mailed. For November it was decided to buy flowers, sympathy cards, and well-wishes for several members and friends of the congregation.

The calendar of coming events in the church was brought to the group by Mrs. Thomas. Members agreed to accept as a goal the \$178.00

Out-of-town guests were Robert Ford of North Miami and Mrs. Wilmer Donson of Miramar, visitors from the Belie Glade. Accompanying them were their children Deborah Ford and Sheryl, Suzanne and Frank Ford.

Four subjects were taught by qualified teachers from all over the state of Florida.

Six churches including Moore Haven, Clewiston, Belle Glade, Lake Wales and Okeechobee were represented at the convention. The Ladies of the church served snack after the service was over.

Alliance Church News Activities

Mrs. R. L. Fox, president of the Women's Missionary Prayer Band announces a meeting of the group will be held in the church at 7:30 p. m. Thursday.

All ladies interested are invited to attend.

On Sunday, following Sun-day School, the sermon topic at the 11 A. M. worship service brought by Rev. John W. Smith, will be "God's Testimony Concerning Marriage."

Sunday evening at 6:30 the Junior and Senior A. Y. E. will meet and at 7 P. M. the Ladies Prayer meeting will be held and the men's prayer meeting.

At 7:30 evangelistic services with the song service will be conducted. Rev. Shaw's sermon for the evening will be entitled "Why Should God Create and Then Condemn Sin?"

Family night is scheduled on Wednesday at 7:30 P. M. Adults are studying the Book of Ecclesiastes Chapter 2. There is a study class for all members of the family.

Sixty-four names of her mother include, one daughter, Sharon Bell Ellis, West Palm Beach; one sister, Jannita Allen of Fayetteville, N. C.; one brother, Barry Bessent, Belle Glade; and three grandchildren.

Rev. Sherman Lay officiated at the service held at E. Earl Smith & Sons Funeral Home Chapel in Lake Worth at 2:00 P. M. Thursday, Nov. 3, 1966. Mrs. Bessent was at Hillcrest Memorial Cemetery, West Palm Beach.

pledge allotment toward the annual budget of the W. O. C., suggested for Circle No. 1 by the Women's Council.

A study from the Women's Workmen on the healing of the woman who touched the hem of Christ's robe, entitled "Not lost in the Crowd" was directed by Mrs. Crisman.

Those attending were: Mrs. Agnes Thomas, Mrs. Richard Clegg, Mrs. Nedra Clegg, Mrs. Ruth S. Barron, Miss Mary Franck, Koffman, and Mrs. Clegg.

Mrs. Harold Brough, of the last meeting of the Women's Council, and called for reports from Circle officers.

On the motion of Mrs. J. E. Franklin, members voted to plant a palm tree for the Church fence lawn as a project for the month. The group also voted to accept the \$240 pledge goal suggested for the circle by the Women's Council.

Plans were discussed for the Thanksgiving Day Service to be held this year at the Everglades Presbyterian Church, and for the December 6 W. O. C. Joy Gift. Rev. Luck Skinner, Mr. Dean O. Wilson was moderator for the study for the evening, entitled "Not Lost in the Crowd."

Circle members and guests who attended were Mrs. Clara Lee, Mrs. Nedra Clegg, Mrs. J. E. Fraser, Mrs. Dean Wilson, Mrs. J. E. Franklin, Mrs. Edwin Leah and Mrs. Marsh.

Spanish Meditations

POR EL REV. CESAR M. BENITEZ

NO FALTE EL AMOR:

Leen en estos días un artículo que decía entre otras interesantes cosas que el amor es la terapia suprema de la neurosis. Lo creo firmemente. He visto muchas veces neurosis cambiadas cuando han puesto el amor a Dios y al prójimo en primer lugar, entonces ellos se han conocido mejor.

El Dr. Jacobo Conn, profesor adjunto de psiquiatría en la Universidad Johns Hopkins, declaró: "Todavía no veo un solo paciente que se haya curado solo por la comprensión que yo le ayudara a alcanzar. Tarde o temprano ha sufrido sus versetas con una cuestión moral, y ha debido hacer su propia decisión."

El amor es pues la mejor de todas las medicinas. Como el aire es para los pulmones el amor lo es para el alma y ahí que decimos muchos existen pero no viven. El descontento es contagioso, pero sepamos que la fe, el amor, los buenas palabras y acciones son contagiosas también y además nos dan vida y la verdadera esperanza de la vida. El fatalismo termina con todo pue en las nubes tormentas y en los chubascos diluvios. Mas el que creen en el amor de Dios ve detrás de las nubes un arcoíris y detrás de los chubascos un nuevo amanecer.

Se nos cuenta de un científico en las montañas de Escocia mirando através de su poderoso cristal una hermosa flor. En esos momentos llega un pastor de ovejas y a ver con el con el ojo y esmero que al hombrón cuidaba la flor, dijo: — Siento que no me di de esa flor pues con mis pies he destruido mucha. Si, cuantas veces destruimos con nuestras acciones, con el odio en el corazón la flor hermosa del amor de Dios. Creemos que no tiene valor pero un dia nos damos cuenta que hemos estado equivocados en tratar los asuntos de la vida eterna con los pies.

Si solo miráramos a Dios a través del telescopio del Cielo, variar, nuestros corazones serían compungidos y nos entregaríamos a la vida cristiana. Solo entonces se podrán comprender muchos misterios, aprenderíamos a sufrir, a tener y a vivir en el sublime amor de Dios que nos da la dulce paz que sobrepuja a todo entendimiento humano.

El que escribe es Pastor de la congregación hispana que tiene su misión en "Community Methodist Church" de la ciudad de Belle Glade. Damos las gracias a los editores y directores del "BELLE GLADE HERALD" por la cortesía de dejarnos llegar a sus hogares con MEDITACIONES CRISTIANAS todos los jueves.

WMU Planning Board Met With Mrs. Davis
A planning meeting of the board of the Women's Misionary Society of First Baptist Church, South Bay, was held at the home of Mrs. J. C. Davis in South Bay.

Those present and helping with the work for the year were Mrs. P. E. Goodbread, Mrs. R. L. Polk, Mrs. Bill Jeffries, Mrs. Edwin Leah and Mrs. Marsh.

Faith
"The Lord will fulfill his purpose for me; thy steadfast love, O Lord endures forever. Do not forsake the work of thy hands." — Psalms 138:8

When your world is plunged into darkness and despair, do not believe that God has deserted you. Raise your eyes, acknowledge that the purpose of your existence still remains and seek through faith the strength you need to persevere.

However dark the night may be, it shall give way to the sunrise . . . and you must look up to see a sky of blue.

**Commissioner
Warns Against
Unvent Heaters**

TALLAHASSEE (Special) — As the season arrives and thoughts turn to buying homes in most parts of state, Florida's Hotel and Restaurant Commissioner Fred C. McAlpin, Jr., calls attention to a state law which prohibits the use of certain unvented fuel burning space heaters in public lodging establishments.

Commissioner McAlpin said "this law was enthusiastically passed by the 1965 Legislature to save lives and I am instigating a campaign similar to see that the law is really enforced. These heaters, especially the portable types, have been the cause of many fires in the past because they are easily tipped over and spilled."

"Another of the major hazards of this type heater is the emission of toxic gases causing asphyxiation," he said.

The law gives the Hotel and Restaurant Commission the statewide authority to enforce and makes any person violating the provisions guilty of a misdemeanor. "These dangerous heaters must be removed and all operators of public lodging establishments and local fire and inspection agencies are asked to cooperate in this endeavor," Commissioner McAlpin said.

The law also gives the Hotel and Restaurant Commission the authority to inspect or suspend the license of any public lodging establishment where the owner, manager or assistant manager, desk clerk or other person in charge of or employed by a public lodging or food service establishment violated the provisions or permits anyone else to violate the provisions (of this law). A fine of up to \$500 or 6 months in jail or both can be levied against the operator who permits the continued use of these wick-type heaters on his premises.

Commissioner McAlpin said this law is another step by the government of Florida to further insure the safety of our people — citizens and visitors alike.

**Weather News
For Growers
Is Available**

LAKELAND — Growers, grower cooperatives and others can have teletypewriters installed in their offices during the winter months when we connect them with the Federal-State Agricultural Weather Service here, a branch of Florida's Agriculture Experiment Stations.

W. O. Johnson, meteorologist at the Lakeland weather station, said today, the cost to growers is between \$32-48 monthly for rental of the equipment.

The teletype line beginning Nov. 1 covers all of Peninsular Florida's agricultural areas. It provides agricultural weather forecasts used in spraying, drainage and irrigation, planting and harvesting operations.

Data available from the weather line will also include:

Agricultural weather forecasts for the day, by districts; Lakeland morning, evening and night temperature forecast bulletins; sections of current weather conditions and indications of their future effect on Florida's weather.

Lakeland special bulletins whenever conditions warrant; shipper's forecast with expected minimum and maximum temperatures for each United States for the next two days; general weather forecasts for Florida and adjacent water areas; severe storm bulletins, including heavy rain forecasts.

U.S. weather summary, temperature and rainfall tabulations for the nation; five-day outlook, issued Mondays, Wednesdays and Fridays; the daily morning hourly radar reports from Tampa, Miami and Daytona Beach, giving rain areas and their movement.

Critical weather and crop damage reports for Florida, Georgia, California and Texas; collection of observational data, including nighttime temperatures; and weather information for growers.

Growers interested should contact Mr. Phillip Jackson, Southern Bell Telephone & Telegraph Co., 330 Biscayne Boulevard, phone 305-350-8126, Miami (collect).

The telephone company requires 15-30 days notice for installation.

Hialeah Park is America's fourth largest track in fourth largest attendance and handles to be held by Hollywood Park, Aqueduct and Santa Anita. Last season Hialeah averaged 19,219 fans daily and \$1,944,999.

Belle Glade Band To Appear In Marching Contest

Participating in District 8 competition for marching bands will be the 85 members of the Belle Glade High School Band. The contest is sponsored by the Florida Bandmasters Association and is part of the climactic activities required by bands who hope to enter the state contest next May.

The contest, which was held in Belle Glade last year is scheduled to be conducted in Lake Worth Saturday night, Nov. 12 at 7:30 p. m. The public is invited to attend this event and see 25 fine marching bands strive to meet the requirements necessary to earn a superior rating.

Bands participating in District 8 will be from all high schools covering the territory from Vero Beach to Boca Raton on the East Coast and including schools in the Glades area and Okeechobee, making a total of 20 marching bands.

South Bay Firm Manufactures New Cart With Floating Floor

A new concept in harvesting celery will be tried this season when a tilting side dump cart will be put to use. J. and L. Engineering Co., with a plant at South Bay has built the new type.

The new piece of equipment is known as the model C26.000 Cane Master side dump celery cart and it works in conjunction with a two-line mechanical celery harvester. Prior to last year, every harvesting was done completely by hand.

The initial two-line mechanical harvester in the Glades area was put into use last year at A. Duda and Sons. The mechanical harvester cuts the stalks at the ground, cuts the top and strips the waste celery before loading into the side dump cart through a loading conveyor.

The cart has a live floor which is activated by an air cylinder nine inches in diameter with a 48-inch stroke. The floor moves up to conveyor dumping level to eliminate bruising of the celery.

As the load increases the floor drops to allow the celery to be loaded into the side dump cart through a loading conveyor through the packing house.

At the packing house, the celery is side dumped by use of a J. & L. H2000 pumping jack into a tank of water approximately 26 feet by 32 feet by eight feet deep. The floor is made so designed to further move the celery into a loading conveyor to the packing house.

At the packing house, the celery is side dumped by use of a J. & L. H2000 pumping jack into a tank of water approximately 26 feet by 32 feet by eight feet deep. The floor is made so designed to further move the celery into a loading conveyor to the packing house.

Palmer, Nicklaus Enter PGA National

Arnold Palmer and Jack Nicklaus — two of the greatest golfers of all time — will go all out to add the \$125,000 PGA National Team Cham-

Pro Wrestling

Returns To Area On November 18

Top professional television wrestlers heads the mat card at the Glendale Auditorium, Friday night, Nov. 18, as professional wrestling returns to the area. Time for the first contest is 8 p.m. Wrestling matches will be seen each Friday night at the Auditorium.

The first card features the outstanding Latin team of Jose El Gran Lothario and Silento Rodriguez against the rugged and rough team known as The Infernos managed by J.C. Dykes. The Infernos is Europe's best team championship.

Other matches send the Masked Mummy against Dennis Hall of Indiana and Johnny Heidman of New Jersey takes on Gregg Peterson of St. Petersburg, Lakeland, Fort Myers and Sarasota.

Tickets are on sale at the National Guard Armory. The matches are under the sponsorship of the National Guard and is promoted by Pat O'Hara of St. Petersburg, Lakeland, Fort Myers and Sarasota.

Nicklaus and Palmer picked up \$2,100 apiece finishing second, though they fired their successively record rounds of 67-66-65-68, good enough to win most tournaments.

The gold-dust golfing partners had great years in 1966 with Nicklaus winning the Masters, British Open Championship and Sabathai and Palmer winning the Los Angeles Open and Tournament of Champions.

Nicklaus, as usual, is near the top in the money-winning race. Palmer's record is 100-100-100-100, having won the last four tournaments.

But Gay Brewer, Jr., and Butch Hartman picked up Arnold Palmer's record of 67-66-65-68, to take first place and the \$20,000.

Loxahatchee National Wildlife Refuge Announces Duck Season

It was announced today by Richard L. Thompson, Refuge Manager, Loxahatchee National Wildlife Refuge that certain areas in the 145,000 acre refuge will remain open to public waterfowl hunting.

The Waterfowl season will begin November 24, 1966 through December 27, 1966 and again December 3, 1966 through January 27, 1967. Loxahatchee also announced that shooting hours would be from one-half hour before sunrise until sunset daily. Hunters are cautioned not to enter the refuge area prior to or after the shooting hours.

Persons using airboats are reminded that special permits are required and these should

be obtained in person at the Refuge Headquarters prior to the duck season.

Complete waterfowl regulations may be obtained by writing to: Bureau of Sport Fish and Wildlife, Rt. 1, Box 278, Delray Beach, Florida 33444.

First Annual Power Boat Regatta Set Sunday

GETTING SET FOR REGATTA — A committee meeting was held Tuesday night at the Chamber of Commerce office to make final arrangements for the First Annual Belle Glade Regatta to be held at the Marina Sunday. Four members of the committee are shown discussing the trophies to be awarded. Everett Hatfield, second from left, chairman of the races is explaining the trophies to others who will take part in the activities Sunday. They are, left to right, Police Chief Charles Goodlett, Hatfield, Bill Draper of the Sheriff's Department, and Cloyd Fessenden, crane service. Bob Lee is chairman of the local participating group.

Rams Beat Jupiter, 25-0; Point To Stuart Tilt Fri.

The Belle Glade Rams Friday trounced the Jupiter Warriots 25-0 in a contest played on the local high school gridiron.

Coach Bill Bowers' charges jumped to a quick lead when they scored twice in the open-

ing stanza. They scored again in the second and final periods of play to clinch the victory. With the victory, the Rams remained undefeated in the Western Division of the Sun Coast Conference.

The local eleven will journey to Stuart to face the gridirons of Martin County High School.

Coach Davis, stellar Ram performer, set up the first touchdown Friday when he intercepted a visitor's pass on the Belle Glade 35. The rangy offener, with his defensive half-back, returned the interception to the Warrior six.

Ernest Sanchez plunged in for the counter and Davis added the point after to give

the Rams their 7-0 lead.

A short kick-off was recovered by Gerald Watson on the Jupiter 43. A couple of first downs followed by a 10-yard run by Tommy Woods, and Johnny Williams and a pass from Williams to Davis, setting up the second tally on the floor.

After offsetting penalties, Wood dashed across for the final tally of the period.

A pass from Williams to Davis early in the second period brought the third TD and the victory.

Williams connected again with Davis in the final period for the fourth score of the evening.

Pro-Am Tourney Slated Dec. 3-4

Over 100,000 dollars in prizes will be awarded in the \$15,000 national professional-amateur event with Perry Como as honorary chairman will launch Florida's PGA National Team Championship Week at the PGA National Golf Club Dec. 10 through 13.

In accepting the honorary chairmanship of the event, Como said he's delighted to be able to take part. "I hope to play with Arnie Palmer," the radio and television singer said. "Last year I couldn't make the championship because of a television taping date," he said.

Como, who plays at the PGA National, resides in a home in nearby Jupiter and is a neighbor of Tony Penna, outstanding PGA Professional of many years standing. Penna and J. M. Rubin, owner of Rubin Construction Co., of West Palm Beach are co-chairmen of the professional-amateur tourney.

Outstanding personalities from the fields of Entertainment, Radio and TV, Sports, Business and Golf will be participating as partners of the Professional Stars.

Belle Glade

Top Winner In PBC Golf tourney

Belle Glade Ladies Golf team won first place in the Palm Beach County tourney, after totaling by a large margin of 32½ to 3½, the Cypress Creek club players on the local course Monday. Thus ended the fall play, marking the first time Belle Glade has placed first.

Standings are Belle Glade 10½ points; North Palm Beach 9½, Delray Beach, 9½; Lake Worth 8½; West Palm Beach 8 and Cypress Creek, 6½.

Playing on the Belle Glade team on Monday were Edith Van Landingham, Muriel Wilson, Margaret Fanjul, Kat Weeks, Jo Knight, Amy Whitfield, Zelma Betzner, Louise Rhodes.

Play will resume in the spring on April 3, when five more matches will be played to determine the champions.

Six Classes Slated; Trophies To Be Awarded

The first annual powerboat regatta for Belle Glade will be held on Sunday at the Okeechobee Waterway at the Belle Glade Marina, according to Everett Hatfield of West Palm Beach.

The regatta is sponsored by the Boat Racing Club of Palm Beach City and co-ordinated by the Belle Glade Chamber of Commerce. Bob Lee, personnel and publicity director for the Sugar Cane Cooperative of Florida, heads up the Belle Glade committee who is working on the event.

Trophies for first, second and third places in each class will be presented. There will be events for six different classes of craft. The first races are scheduled to get underway at 12:30 P.M.

The participants must be

1967 members of the American Power Boat Association, it was announced.

Three entries are required for each class and if less than three boats entered, those entered will be stepped up to another class.

"To date we have received several advance entries," Hatfield wrote to Lee, local chairman. "Many of the drivers we have talked to at previous races have confirmed that they will attend your race," the chairman added.

Many outstanding and well known racers from throughout the state are expected to take part. The race will be 10 miles plus over a 15-mile course. Three laps around the course will make up the race distance. Registration will close at 11 a.m. at the Marina.

The local Chamber of Commerce will be having a barbecue dinner, beginning at 11:30 a.m. Tickets will be sold for \$2 and \$5. No indications have been made as to the number who will be attending the event so food will be served until it is depleted. No advance tickets are to be sold.

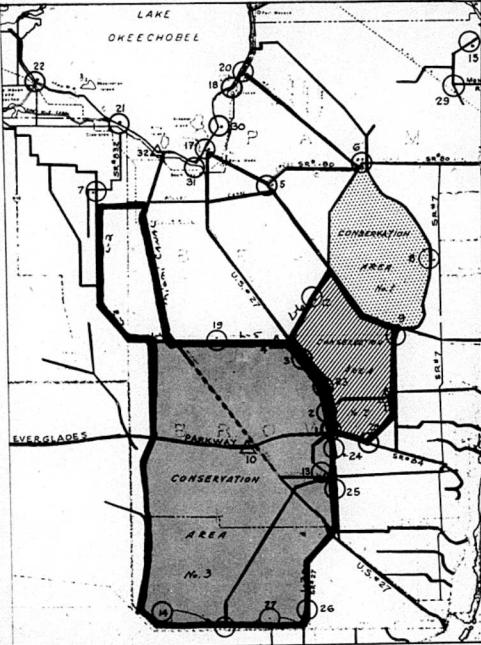

Weather Hampers Fishing in Lake Okeechobee

Another hundred fishers on Lake Okeechobee during the past weekend, according to Charles Corbin of Slim's Fish Camp. However, several nice strings of bass were brought, he reported. The largest weighed five and one-half pounds.

Speckled trout continued to bite also, the report continued.

Several nice strings were brought in last week.

The Atlas of Florida, published by the University of Florida Press, is the first book of its kind in the nation.

CLOSED TO DEER HUNTING — The areas shown above in heavy borders are those which the Game and Fresh Water Fish Commission have designated as closed to the taking of deer and hogs. These areas are in portions of Palm Beach, Dade, Broward and Hendry Counties.

Everglades Area Closed To Taking of Deer, Hogs

WEST PALM BEACH — The Everglades Wildlife Management Area, located in Broward and Palm Beach Counties and a small portion of Miami Beach and Hendry Counties, outside of the management area, will be closed to the taking of deer and hogs during the 1966-67 hunting season, according to W. T. McBroom, Commissioner for the Everglades Region of the Game and Fresh Water Fish Commission.

The boundaries of conservation areas 2 and 3 comprise the Everglades Management Area and closed portions of Palm Beach and Hendry Counties are located north of L-4 levee to the Bolles Canal and west of the Miami Canal to L-2 and L-3. All levees in the area are closed to deer and hogs except L-4, L-5 and L-6 levees. Camping and the possession of firearms and harvested game will be allowed on these three levees only during the open season for deer and hogs will be prohibited in all other sections of the management area, except that during the open season for ducks, hunters may possess shotguns with bird shot and duck shot and must be in possession of a management area stamp in addition to other license requirements.

McBroom said, "We realize and appreciate the sacrifice of the sportsmen of the Everglades

Region are making this hunting season in order to cooperate with the Game Commission in its efforts to preserve the Everglades deer herd. It is this type of cooperation that will help insure future recreation for Florida sportsmen."

A HUNTING STORY — In the fall of 1925, deep in Big Cypress Swamp, a shot rang out. A proud wild creature staggered, then collapsed to the moist, spongy floor where it lay motionless, staring. Cautionedly the hunter moved in. He measured his quarry, incredible! Who ever heard of a beast like this in these parts? But there it was, a nine-foot Florida panther.

Page 12 THE HERALD, Belle Glade, Fla., NOV. 10, 1966

MRS. STEVENSON IS NAMED TEACHER OF THE WEEK

One of the most outstanding teachers is Mrs. Mary A. Stevenson, who has lived in Belle Glade most of her life. She moved here when she was in the seventh grade and lived there by herself until she married. She and her husband then moved to Indiana for ten years, but couldn't stand being away from that much country.

After Mrs. Stevenson graduated from Pahokee High School, she attended Florida Southern College in Lakeland, Florida. Here she obtained her teacher's degree and has enjoyed teaching ever since. She has taught English most of the time, but is also qualified to teach social studies.

When Mrs. Stevenson taught here before her marriage, she had the honor (or misfortune) of teaching such overgrown boys as Coach Burke and Mr. Stevens.

Lion's Sponsor Essay Contest

An essay contest on the subject of world peace is being sponsored by the Lions Club. Reverend Ronald Davis explained the contest in an assembly last Tuesday.

The local Lion's Club will present a prize of \$100, \$50, and \$35 for first, second, and third place essays written by students here. On the national level, the first place award is \$25,000. Eight students will be presented \$1,000 plus a trip to Chicago, for the 1967 International Lion's Club Convention, a second place awards.

Application blanks with rules may be secured by a student from the student office.

Raunchy Is . . .

SONG: "Girl on a Swing"

BIGGEST FLIRTS: Bryant Price and Gloria Cantwell

SANDY BETTS

CAR: Sherri's blue (?) V. W.

MOVIE: Dr. Zhivago

CLOWN: Ronny Gerrey

CLOWNESS: Diana Shiver

TV PROGRAM: "Love on a Roadtrip"

CLUB: F. H. A.

BEST DRESSED: Janie Chambliss and Ronnie Smith

WEAR: Sandy Batts

WORST DRESSED: Janie Chambliss and Sherri Burgess participated in the newspaper sessions.

This was the Florida Scholastic Press Association's Southeast Conference. Advisers for better publications and the state and professors from various universities were advisers at the conference.

The meeting was from 8:30 a.m. until 2:30 p.m. Lunch was served to all over 100 hundred students from all over South Florida. Mr. and Mrs. George Hudspeth chaperoned.

An addition of a typewriter to the journalism class makes the work of the reporters easier. Most of the Rampart articles are due on Thursday of each week. Previously the reporters typed their articles in the D. C. T. room. Now typing is limited to one day, Thursday, out of class. Most of the typing for the yearbook will be done in class.

What Makes A Good Date?

The first and third periods' Model Family Living classes have taken time and energy to members to decide the answer to the question "What makes a good date?" These students, who are currently studying boy-girl relations in the adolescent years, came up with the following information:

(1) Consciously tries to draw the other person out in his or her interests.

(2) Cultivates the ability to listen to the other person talk.

(3) Attaches well in advance of the occasion.

(4) Concentrates on showing the other person a good time.

(5) Makes plans in advance for the activities.

(6) Can say "no" without being offensive.

(7) Respects moral standards of the other person.

(8) Dresses suitably for the occasion.

(9) Is well groomed.

(10) Can be depended upon to break a date without good reason.

A good date NEVER:

(1) Talks about the good times he or she has had on other dates.

(2) Talks about himself and own interests only.

(3) Talks about own accomplishments.

(4) Boasts about the possessions or social rating of other people.

(5) Is jealous of other friends of the date.

(6) Is dependent upon the other person to do all the talking.

(7) Is too nervous to be relaxed.

(8) Is too nervous to be friendly.

(9) Is too nervous to be natural.

(10) Is too nervous to be good company.

Meet The Presidents; Mary Leigh Amerine Beta Club

An active student in school ventures years ago, she moved to Belle Glade when she was 10. Her interests include all sports and working as a Candy Stripper at the hospital. She is a member of the University of Florida and Indian River Junior College to study special education for handicapped or mentally retarded children.

Player Of The Week

For his outstanding play in helping Belle Glade march past the Jupiter Warriors 25-0 last Friday night, Bryan Davis was named player of the week.

Bryan gained 127 yards while catching 2 touchdowns and passing and kicking one extra point.

He also set up Belle Glade's first score by intercepting a Jupiter pass when the Bellies had a first-and-goal defense halfback at back the interception to the student body Tuesday morning.

The main attraction was a call made to the Bellies by son, a retired baseball player in South Carolina. He talked to the students about ten minutes. They could hear his conversation by an amplifier set up by Mr. and Mrs. Davis.

Calls were made to various places in the United States to get information on weather, traffic, etc.

On November 20th, direct distance dialing should be established in Belle Glade. Calls are made from station to station, not person to person. There will be no reverse charges. To make a direct distance dialing call, dial 1 first. Then dial the area code and phone number. The operator will ask what the number of your phone is.

The Tigers will be an important game for both teams. The Rams are in first place in the Western Division and Stuart is tied for second place with Parkside.

The Rams lost their game last week and their fans hope that they will bounce back with full force and drive the the Stuart Tigers into the ground. Coach Burke should be able to take an all-out team effort.

The Tigers won their game last week with Parkside which gives them two wins for second place in the Western Division. The Ramcoats are well up in spirits and should give the Rams a hard time.

Read By HS Students

Rams Shutout Warriors

Before Jupiter had time to start playing ball, the Belle Glade Golden Rams had two opening minute touchdowns. The first touchdown for the Rams came when Bryant Davis intercepted a pass on the 33 yard line in the middle of the game. Davis ran the ball to the 10 yard line and on the second try, Ernest Sanchez plunged over for the score. Davis' conversion was good.

Giese executed a short kick-off for the Rams and Gerald Watson recovered on the Jupiter 43. Then it was a 43 yard march down the field for the Rams with Tommy Woods picking up seven yards and a Williams carry for a first down, and a Williams pass to Davis at the 4. Woods dashed across for the second Ram touchdown. The kick was bad.

The alert Rams recovered a Jupiter fumble and Eddie Private picked up the first down on the 36, with Woods carrying to the 26. Arthur Jones carried the ball to the Jupiter 12. Then on the next play of the game ended with the Rams on the four and the score 12-0.

Williams flipped a short pass to Davis for another Ram touchdown on the first play of the second quarter. Davis' kick was wide, making the score 19-0.

The final Ram score came in the fourth quarter when Davis again fired a pass to Davis for the ending score of 25-0.

Despite the score, the Rams had troubles with penalties and disputed plays. Several plays were nullified and a touchdown play was among them.

This Jupiter game gives the Rams a 4-0 conference record widening their lead in the Suncoast Western Division championship race.

WHO CARES?

Many people have become shockingly aware of the run-a-way "High Cost of Dying" as discussed in recent best selling books, newspapers, magazines and on television. Today, people who care can now make pre-need funeral and cemetery arrangements.

Authorities including clergymen, lawyers, funeral directors, cemeterians and various governmental agencies agree that everyone, regardless of age or financial position, should plan burial arrangements before need. People who care, do.

We Care And We Are Not Alone !!

The following most reputable Funeral Directors join with us in strongly urging all families to make Pre-Need Arrangements. Here's what they have to say:

"Pre-need funeral and burial arrangements should be made by a family during their life time together, thus often avoiding needless last minute confusion."

Mixon Funeral Home
Belle Glade

"We strongly urge all families to plan in advance for funeral arrangements. Our staff is qualified to answer the various personal problems of all families."

Wetherington Funeral Home
Pahokee

"Arrangements made before time of need give the family an opportunity to receive detailed information about the services offered by cemeteries and funeral directors a service we have advocated for many year"

Mizell-Faville-Zern Mortuary
West Palm Beach

"The newest services offered by cemeteries and funeral directors are pre-need arrangements and we encourage families to thoroughly investigate these opportunities."

Howard Funeral Home
Riviera Beach

"Before time of need." This phrase, relative to funeral and cemetery arrangements, is not new because we have been serving in this capacity since we have been in business."

Scobee-Ireland-Potter Funeral Home, Delray Beach
Scobee-Combs, Boynton Beach

"The importance of making pre-need funeral and cemetery arrangements should be investigated by all families. We are happy to give every assistance in this matter at any time."

Lakeside Chapel
Lake Worth

"The ever increasing number of families making pre-need funeral and pre-need cemetery arrangements shows that the public is anxious for this type of service."

Lorne-Babione Funeral Home
Delray Beach and Boca Raton

"Pre-need cemetery and funeral arrangements offer families the opportunity to make wise unburdened decisions. This policy has been practiced at Northwood Funeral Home since we have been in business."

Northwood Funeral Home
West Palm Beach

"Pre-need funeral and pre-need cemetery arrangements made under normal conditions when husband and wife can decide together, represent the most worthwhile service which can be offered to the public."

Hannard Price Funeral Home
West Palm Beach

"I firmly believe that we can offer a real and vital service by encouraging the public to make their funeral arrangements before time of need, and we invite the public to make careful comparisons of quality of merchandise."

Lake Worth Funeral Home &
Tillman Funeral Home

Lake Worth and West Palm Beach

"I fully endorse the concept of pre-need funeral arrangements. In my opinion families should investigate the importance of making cemetery and funeral arrangements before time of need."

E. Earl Smith and Son Funeral Home
Lake Worth

"All members of our staff are fully qualified to assist families in making their pre-need funeral arrangements."

Quattlebaum - Hollman - Burse Funeral Home
West Palm Beach

"Our staff is prepared to give every assistance in the planning of funeral arrangements before time of need."

Mack Stephenson Funeral Home
Lantana
